

Our Epic heliski week in La Thuile including 10 helicopter flights and 2 flights out of the heliski area of La Thuile - La Thuile the small town in the Aosta Valley has always been thanks to the Passo Piccolo St. Bernard an important connection to the French Tarentaise. Our fantastic heliski area stretches from the Ruitor 3480m in the east until to Courmayeur and the Mont Blanc massif. It offers an extraordinary and alpine terrain and an extensive heliski program. Even runs down to France nearby the ski areas of Val-d'Isère and Tignes are possible. The entire area offers a unique and unbelievable view to the Mont Blanc, the Grand Combin and the Monterosa Range. A perfect backup with a first class freeride area offers us the ski resort (Espace San Bernardo) La Thuile (I) and La Rosiere (F) with its more than 160 kilometres of slopes. A fantastic skiing and snowboarding day we can complete with a good bottle of wine in one of the first class restaurants in La Thuile.

Heliski La Thuile:

Now for over 20 years, the team of HG and GM operates, we love skiing, riding and we've been working in this industry for decades, at first-class heli-skiing locations around the world. We know what it takes to build an awesome heli-ski trip. Since the winter 2017 HG and GM is operating with its own helicopter company GM-Helicopters in La Thuile. You benefit from our expertise and knowledge of our areas and in additional we can offer a maximum of individuality and flexibility. Our highly experienced IFMGA guides will select the best descents according to the snow conditions and your ability. Putting safety first, their goal is to help you fulfill your dreams and expectations.

Snow information:

Both the south as well the west weather influence offers us already early in the season excellent snow conditions. Till mid March you will find mostly powder condition. Thanks to the heliski option we can ski and snowboard until the beginning of May in mostly perfect spring snow conditions.

Maximize your Heli-Skiing time with our small groups:

Small group's means less wait time between runs, so you can make the most of your time on the mountain. By using smaller, more agile helicopters, you can explore further and deeper into our majestic playground. We work with max. 4 participants per mountain guide.
